## GENERAL SERVICES ADMINISTRATION

### 41 CFR Part 301-11

[FTR Amendment 45]  
RIN 3090-AF88

### Federal Travel Regulation; Increase in the Maximum Travel Expense Amount Which May Be Claimed Without Requirement for a Supporting Receipt

**AGENCY:** Federal Supply Service, GSA.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the Federal Travel Regulation (FTR) to increase to \$75 the maximum travel expense amount which may be claimed without requirement that a supporting receipt be attached to the travel voucher. This rule reflects an Internal Revenue Service (IRS) change, effective October 1, 1995, to receipt requirements

for Federal income tax purposes. This amendment is intended to reduce agency administrative costs by decreasing the number of receipts that must be attached to the travel voucher and reviewed.

**EFFECTIVE DATE:** This final rule is effective October 1, 1995, and applies for travel (including travel incident to a change of official station) performed on or after October 1, 1995.

**FOR FURTHER INFORMATION CONTACT:** Robert A. Clauson, Transportation Management Division (FBX), Washington, DC 20406, telephone 703-305-5745.

**SUPPLEMENTARY INFORMATION:** This final rule increases from \$25 to \$75 the maximum travel expense amount which may be claimed without requirement for a supporting receipt to accompany the travel voucher. Temporary Treasury Regulation (Treas. Reg.) § 1.274-5T(c)(2)(iii), as in effect prior to October 1, 1995, required a taxpayer to substantiate a travel expense deduction by maintaining documentary evidence for (a) any lodging expenditure, or (b) any other expenditure of \$25 or more. On October 16, 1995, the Internal Revenue Service (IRS) issued Notice 95-50, 1995-42 I.R.B. 8 stating that IRS will amend Treas. Reg. § 1.274-5T(c)(2)(iii), effective October 1, 1995, to increase the minimum amount for "other expenditures" from \$25 to \$75. This FTR amendment reflects the IRS receipts requirement change. The FTR requirement for a receipt regardless of amount for the expense items listed in FTR § 301-11.3(c) (1) through (18) remains unchanged.

The General Services Administration (GSA) has determined that this rule is not a significant regulatory action for the purposes of Executive Order 12866 of September 30, 1993. This final rule is not required to be published in the **FEDERAL REGISTER** for notice and comment. Therefore, the Regulatory Flexibility Act does not apply.

## FEDERAL EMERGENCY MANAGEMENT AGENCY

### 44 CFR Part 65

#### Changes in Flood Elevation Determinations

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Final rule.

**SUMMARY:** Modified base (1% annual chance) flood elevations are finalized for the communities listed below. These modified elevations will be used to calculate flood insurance premium rates for new buildings and their contents.

**EFFECTIVE DATES:** The effective dates for these modified base flood elevations are indicated on the following table and revise the Flood Insurance Rate Map(s) in effect for each listed community prior to this date.

**ADDRESSES:** The modified base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

**FOR FURTHER INFORMATION CONTACT:** Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-2756.

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency makes the final determinations listed below of the final determinations of modified base flood elevations for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that

publication. The Associate Director has resolved any appeals resulting from this notification.

The modified base flood elevations are not listed for each community in this notice. However, this rule includes the address of the Chief Executive Officer of the community where the modified base flood elevation determinations are available for inspection.

The modifications are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 et seq., and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified base flood elevations are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

These modified elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

The changes in base flood elevations are in accordance with 44 CFR 65.4.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part

10, Environmental Consideration. No environmental impact assessment has been prepared.

#### Regulatory Flexibility Act

The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

#### Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

#### Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

#### Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

#### List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 65 is amended to read as follows:
